EDUCATION

Faculty of Philosophy

10/2017 - 6/2022

English Philology

During my four-year program as an English philologist, I acquired a comprehensive understanding of the English language. My coursework encompassed a wide range of subjects, including grammar, syntax, translation, and literature.

Highschool of Economics

9/2013 - 6/2017

Tourism Technician

This educational program has equipped me with a solid foundation in the tourism sector, along with valuable skills such as effective communication, problem-solving, and a keen eye for detail."

WORK EXPERIENCE

ENG00

11/2017-Present

English Tutor

Over the span of 5 years I've successfully tutored over one thousand foreign students in a 25 minute 1 on 1 classes. Overcoming the language barrier has helped me improve my problem solving skills.

PROJECTS

Project 1 - [Snow](#)

Created a responsive website using HTML, CSS, Bootstrap, and JavaScript. Implemented modern design principles for compatibility across devices and browsers. Used HTML5, CSS3, and Bootstrap for responsive layouts. Enhanced user experience with interactive JavaScript elements and dynamic content.

Project 2 - [Quiz](#)

Built a compact English quiz web app using HTML, CSS, and JavaScript. The app is interactive, allowing users to assess their English language skills. Designed a user-friendly interface with HTML and CSS for seamless navigation. Included engaging features that enhance user engagement and facilitate effective learning.

Project 3 - [Recepi API](#)

Developed a JavaScript API-based food recipe website. Utilized JavaScript to fetch data from an API and dynamically display random food recipes on the website.
